We find ourselves in a
Washington (DC)
research lab and home in
the not-so-distant future.
We are also inside a cell.

In the heat of America's
war on terrorism, the
Director of Counter-
terrorism has cancer.
One of his daughters
seeks solace and hope in
cancer research. The
other turns to God.

*"The gravest danger... lies at the
perilous crossroads of radicalism
and technology."*

- George Bush
