

A play in one act by
Nicholas Conti

Nicholas Conti's *The Mystery of the House of Seven Gables* is family-friendly and especially beWITCHing. We all know *The House of the Seven Gables* (1668) is a Colonial mansion in Salem, MA - but what is the "real" history of the House? With Salem's historic legacy of bubble, bubble, trials and trouble, it seems unlikely that this residence wouldn't have an even more interesting "life" to it. Meet the Gable family - Mom and Dad and their five young children.

They have made this house their home, and have lived peacefully there for years, unaware of the House's other tenants. So what brought instability to their tranquility? Enter two witches, who set a plot to foil the Gables' plans to convert the witches' domain into a playroom. After bickering, spells and much unwell, the shrewd Gables come up with a scheme to outsmarts the Witches while still offering an exotic subterranean abode, befitting of the most sophisticated of witches, and they all live bewitchingly ever after!

The *Mystery* of the House of the Seven Gables
